

DIRECTORATE OF I. I. MEETS; NO ACTION TAKEN

Although the board of directors of the Inter-Island Steam Navigation Company, Ltd., held a meeting this morning, President James A. Kennedy of the corporation said at noon that the matter of the request by its sailors for another advance in wages was not considered or taken up in any way.

"It was simply the regular quarterly meeting of the directors and only routine business was transacted," said Kennedy. "We did not touch on the matter of a raise at all or take any action one way or the other."

As reported yesterday, a meeting was held at 3 o'clock in the afternoon between officials of the Inter-Island and James H. Hakuole, who says he represents Japanese, Chinese and Korean sailors of the Inter-Island.

Only four of the Inter-Island directors attended this morning's meeting. Three of the directors are now away on the mainland.

SHARP BREAK IN OLAA HAS EFFECT ON OTHER STOCKS

Olaa broke sharply in the stock market today to 15 1/2 on sales of 945 shares out of a total for all listed stocks of 1375. Other stocks were inclined to follow the downward trend. There appeared to be no definite and authenticated reason for the selling but rather the absence of information relative to the affairs of the company and the probable report to be later named, different figures on earnings being bandied about.

After yesterday's session Olaa sold at 15 1/2, and at the session today the last sale was 15 1/2. Other stocks to sell were Honokaa 11 1/2, San Carlos 14, McBryde 12 1/2, Pineapple 53 1/2, and Pioneer 42 1/2.

Mineral Products held in the unlisted market at \$1.22 1/2, 1600 shares selling, and 100 shares of Tipperary at 5 cents. Quotations were Engels Copper \$3.50 and \$3.65, Oil \$3.25 and \$3.35, and Mountain King 60 cents.

Fire destroyed the packing plant of Morris & Co., at Omaha, Neb., at a loss of \$75,000.

CASE OF JESSE GRAY DUE TO BE REVIVED FRIDAY

Grand Jury to Probe Alleged Bribe-Taking, Says City Attorney Brown

Alleged receipt of bribes by Jesse Gray, former police officer at Wahiawa, is to be investigated by the territorial grand jury tomorrow, says City Attorney A. M. Brown.

Gray was dismissed as an officer last March following a number of hearings before the civil service commission, it having been alleged that Gray accepted bribes from Chinese and others at Wahiawa and vicinity as "protection" to them in conducting gambling and other games of chance.

In statements given the newspapers and made before the commission hearings, Gray asserted he was innocent and that he was the victim of a "frame-up."

"It was intimated at that time," says City Attorney Brown, "that if the charges against Gray were true, it would be a matter for the territorial grand jury to look into."

Gray has been summoned as a witness before the grand jury at 2 o'clock tomorrow afternoon.

WOMAN'S GUILD OF ST. PETER'S WILL HAVE SALE NOV. 4

Members of the St. Peter's Woman's Guild will hold a sale on Saturday, November 4, at the church in Emma street. A large assortment of articles, as well as eatables, will be on sale. The sale will open at 10 o'clock in the morning and continue until 6 o'clock in the afternoon. There will be no evening sale. A feature of the affair will be a chop sui luncheon at noon.

The following women are in charge: Mrs. Chung Nee En, manager; Mrs. Yap See Young, assistant; Mrs. C. F. Zen, fancy work; Mrs. F. C. Kong, flowers; Mrs. K. E. Chang, candy; Mrs. Chang Kim On, cakes; Mrs. Z. S. Zen, ice cream and soda water; Mrs. Kau Yau Yin, fruits; Mrs. Chung Nee En, chop sui luncheon.

Testifying before U. S. Commissioner Curry this afternoon in the case of C. K. Ching, charged with having opium in possession and attempting to defraud the government, Young Hee, a Chinese, declared he gave the defendant \$720 on October 23 with which to purchase opium. He added that, later, the defendant returned and said that "the lady was pinched by the customs officers" and that he did not have the opium.

There will be a meeting of the Knights of Kamehameha tonight at 7:30 o'clock in the clubrooms at the Y. M. C. A. George Andrus will lead the meeting.

CHROME BRINGS A LARGER SUM THAN EXPECTED

Letters Received Tell of Profits and Give Many Details on Dioxide Factory

Two letters were received this morning relative to Mineral Products, one touching on the chrome shipments which have netted more than was expected, from R. J. Pratt, and one relative to the manganese dioxide factory from General Manager H. G. Ginnaca, which is considered the best and most comprehensive letter on this subject yet received.

Assistant Manager Pratt says, under date of October 24:

"We beg to advise you that we received this morning a check from the Carnegie Steel Company for \$2616.19 in settlement for the first three cars of chrome ore which we shipped them last month. The analysis given by them ran 45.33 per cent, 44.54 per cent and 46.07 per cent chromium oxide, average of each of these cars. This ore therefore netted \$20.63 per ton, which we think is a satisfactory price."

"Yours very truly,

"MINERAL PRODUCTS CO.,

"ROBT. J. PRATT,

"Assistant General Manager."

Manager Ginnaca says in part under date of October 23:

"The alterations to the digesters, mentioned in our No. 136 as being made, were completed last week, and the circulation in them is now perfect."

"We made a trial run yesterday for the first time, which showed that the chemical reaction works on a large scale as it did in the laboratory. The ore which we purchased for the purpose of making a trial run, has turned out to be entirely different from our ore, for the reason that it contains an enormous amount of carbonates of lime, etc. This has caused us considerable trouble in getting started. However, we are now using this ore."

"Today the plant is operating just as we expected it would three weeks ago; the delay in starting being due to making minor mechanical changes and to the time required in order to become familiar with the apparatus."

"We mentioned in our cable that improved digesters were advisable, but it may yet turn out that these will prove to be perfectly satisfactory."

"We are now going to institute Corrosion (acid-proof) piping for all the present iron pipe, which change does not amount to much. We shall keep on operating as long as possible with the present piping."

"At present we are making manganese nitrates from magnesium nitrates, and have just been advised by phone this evening that the plant has operated well today on this. As you know, the essence of the process is the making of manganese nitrates. Once we have made our supply of manganese nitrates they are used over and over again. This cannot be bought in the open market, and therefore it will take a little time to make our supply."

"Now that we know that the process works on a large scale, it is simply a question of mechanical manipulation to obtain capacity, economy and efficiency."

"All of the apparatus works satisfactorily and no serious mistakes have been made. If we were to design it over again the only important change would be in the type of digesters. These are only a small portion of the plant. Even if we should substitute new ones later on it would be a matter of \$3000 or \$4000 expense."

"Assuring you that the process is highly satisfactory and simple and past the experimental stage, we are,

"Yours very truly,

"MINERAL PRODUCTS CO.,

"H. G. GINACA,

"General Manager."

HAWAIIAN SOCIETY MEMBERS LUNCHEON GUESTS OF PRINCESS

Princess David Kawanakoa was the recipient today of gifts of many Hawaiian delicacies as the result of an old-fashioned hookupu arranged by about 100 members of various Hawaiian women's societies. The hookupu was the result of a recent reception by the princess to the society members.

At noon the princess entertained the heads of the societies at a luncheon at her home in Pensacola street, the affair proving extremely delightful. Princess Kawanakoa recently petitioned the secretary of the navy to name one of the new battleships Hawaii. The secretary has assured the princess that her petition will receive prompt consideration.

An absolutely waterproof Hair Brush! See the finest \$2.00 value on the market selling until December 1st at Benson, Smith & Co. for \$1.50. Adv.
